

Sydney Smart Point-8 Easy Height Round Front Plus

Conservatively beautiful. The Sydney Smart Point-8 High Efficiency Toilet (HET) represents the ultimate in water saving performance. Stingy on water usage, but boasting powerful flushing capabilities.

- Powerful Dual-Flush HET utilizing only 1.0/0.7 gallons per flush (3.8/2.7 lpf)
- One of the lowest consumption HET's on the market today
- Caroma®'s signature trapway is fully glazed and twice the size of the industry average, virtually eliminating clogs
- 12" rough in
- ADA Bowl height 16½"
- MaP certified and Watersense labelled
- Includes 326201 Soft Close - Round Front Seat

Sydney Smart 305 Round Front Bowl (with seat)	609151W	55	\$207
Tank bowl and Seat		89	\$406

Additional Highlights

Signature Trapway

- With a trapway more than twice the size of the North American standard, Caroma® eliminates clogging.*
- *It is not waste that typically clogs toilets but paper products. The massive Caroma trapway has been tested in extreme conditions all over the world. To clog a Caroma bowl you would have to use an unreasonably excessive amount of paper.
