

Specifications

- Heavy brass construction for durability and reliability
- Pressure balancing ceramic cartridge ensures anti-scald operation with a life long trouble free service
- Single lever handle operation allows both volume and temperature control
- Max-temperature limit stop for added safety
- Integral stop valves for an easy maintenance
- Dual inlet and outlet ports – 1/2" CxC soldering & 1/2" NPT thread
- Adjustable installation depth from 1-3/8" (35mm) to 2-9/16" (65mm)
- Minimum 20 psig line pressure is required for the diverter working properly.
- Bubble level is provided to assist an easy installation.
- Mud guards are provided to keep the valve from dust
- A wide selection of trims to compliment and sold separately

Flow Rate

- 5.5 gpm @ 60 psig

Finish

- Brass

Codes and Standards

- ANSI/ASME A112.18.1
- CSA B125.1
- IAPMO / cUPC Listed

Warranty

- Limited Lifetime Faucet Warranty against material an manufacturing defects for residential use.
- 2 Year Limited Warranty on all industrial, commercial and business applications.

fluid Pressure Balancing Valve with Volume Control Model: F1000B
