

Specifications

- Heavy brass construction for durability and reliability
- German made 3/4" Fluhs ceramic cartridge ensures life long trouble free service
- Dual handle operation allows both volume and temperature control
- Pull/push type diverter allows a quick water flow switch from spout to hand shower or vice versa.
- Dual inlet ports – 1/2" CxC soldering & 3/4" NPT thread to ensure high flow rate
- Test plugs are supplied for on-site pressure testing.
- Trim set can be installed separately above the deck.
- Stainless steel flexible connection for 6" to 16" wide installation
- Trim parts, cartridge, diverter and shower hose can be serviced above the mounting deck without touching rough-in valves.

Flow Rate

- 15 gpm (56L/min) @ 60 psig for spout
- 2.0 gpm @ 60 psig for hand shower

Finish

- Brass
