## Ten Year Multi-Family Limited Warranty Rider

Sustainable Solutions International authorizes the following changes to the fluid faucets Limited 2-year warranty on commercial projects:

Effective April 1, 2021, this Rider changes the warranty from a 2-year limited warranty to a 10-year limited warranty on all fluid branded products, including faucets, shower systems and stainless-steel kitchen sinks and applies when the faucet is purchased and installed in the USA or Canada on or after April 1, 2021, in a multi-family application ("Multi-Family Faucet Limited Warranty").

This Multi-Family Faucet Limited Warranty extends from 2 years to 10 years the warranty period of the Limited Warranty on a covered product for a faucet purchaser who owns, but does not live in, the residential dwelling in which the faucet is initially installed. Examples are installation in a rented or leased single unit or multi-unit detached home (duplex or townhome), or condominium, apartment building, or community living center. Excluded are installations in an industrial, institutional or other business premises, such as a dormitory, hospitality premises (hotel, motel, extended stay location), healthcare facility of short or long-term patient occupancy (hospital, rehabilitation center, nursing/assisted or extended care living unit), public spaces or common areas.

For more information on this warranty Rider, please contact Sustainable Solutions Int. at 1-800-460-7019.
