Made for how you live, the F827 Pipe kitchen faucet packs in features that make it the perfect addition to your home.

BEST IN CLASS

Fluid focuses on creating 'best in class' products for your home. We manufacture and sell the best quality products with the most value within any given price point. Period.

FOR YOUR LIFE

Are you installing this faucet on an island or do you have little ones in the kitchen? Our optional 140 rotation helps keep the water where you want it. You choose how it works best for your life.

TRUST

A unique mesh screen helps to filter out debris from the city system, keeping your water cleaner, longer.
