

Specifications

- Heavy brass construction for durability and reliability
- Pressure balancing ceramic cartridge ensures anti-scald operation with life long trouble free service
- Built-in anti-back flow devices prevent cross flow
- Single lever handle operation allows both volume and temperature control
- Max-temperature limit stop for added safety
- Integral stop valves for easy maintenance
- Dual inlet and outlet ports – 1/2" CxC soldering & 1/2" NPT thread
- Adjustable installation depth from 3-1/4"(83mm) to 3-11/16" (93mm)
- Minimum 20 psig line pressure is required for proper diverter functionality.
- Bubble level is provided for easy and accurate installation.
- Mud guards are provided to protect trim finish.
- A wide selection of complimenting trims are sold separately.
- Recommended operation pressure 20-80 psig

Flow Rate

- 4.5 gpm @ 60 psig

Finish

- Brass

Codes and Standards

- ANSI/ASME A112.18.1
- CSA B125.1
- IAPMO / cUPC Listed

Warranty

- Limited Lifetime Faucet Warranty against material an manufacturing defects for residential use.
- 2 Year Limited Warranty on all industrial, commercial and business applications.

fluid Pressure Balancing Valve with Diverter

Model: F1000BL
