

Wisdom

fluid | Sustainable  
Solutions

## MORE CHOICE

The Wisdom series of fluid faucets has long been a favorite of designers, builders and home owners. Designed with insight, Wisdom is an inspirational fixture complementing a wide spectrum of sensibilities. Known for thoughtful design, quality rich features and a contemporary aesthetic, Wisdom represents the completion of a design vision. That vision just got broadened, with additional choice, and more creative expression. Wisdom or Wisdom Classic; your choice, your style.

Clean, Simple. Beautiful.

### exceptional quality

fluid takes pride in offering premium products with thoughtful design features. fluid features premium Kerox cartridges that are the best available in the world.

### innovation for life

fluid focuses on innovations that make life easier. Learn to expect the best, such as easy-clean waste Pop-Ups that prevent loss of jewelry and small items, swivel aerators that precisely direct water and extra long supply lines that make installation a breeze.

### design excellence

Whether choosing the well known Wisdom classic or the newest series addition, you are assured of unparalleled quality, sophistication and simple elegance.
