# fluid Slide Rails with Integral Wall Outlets

FA802 01235

Why have an extra outlet attached to the wall when you can have it **built into your slide rail?**

## **FA803 (27)**

27" Brass Slide Rail With Built in Wall Outlet (Square Escutcheons)

Available in Chrome or Brushed Nickel and Matte Black

## **FA802 (27)**

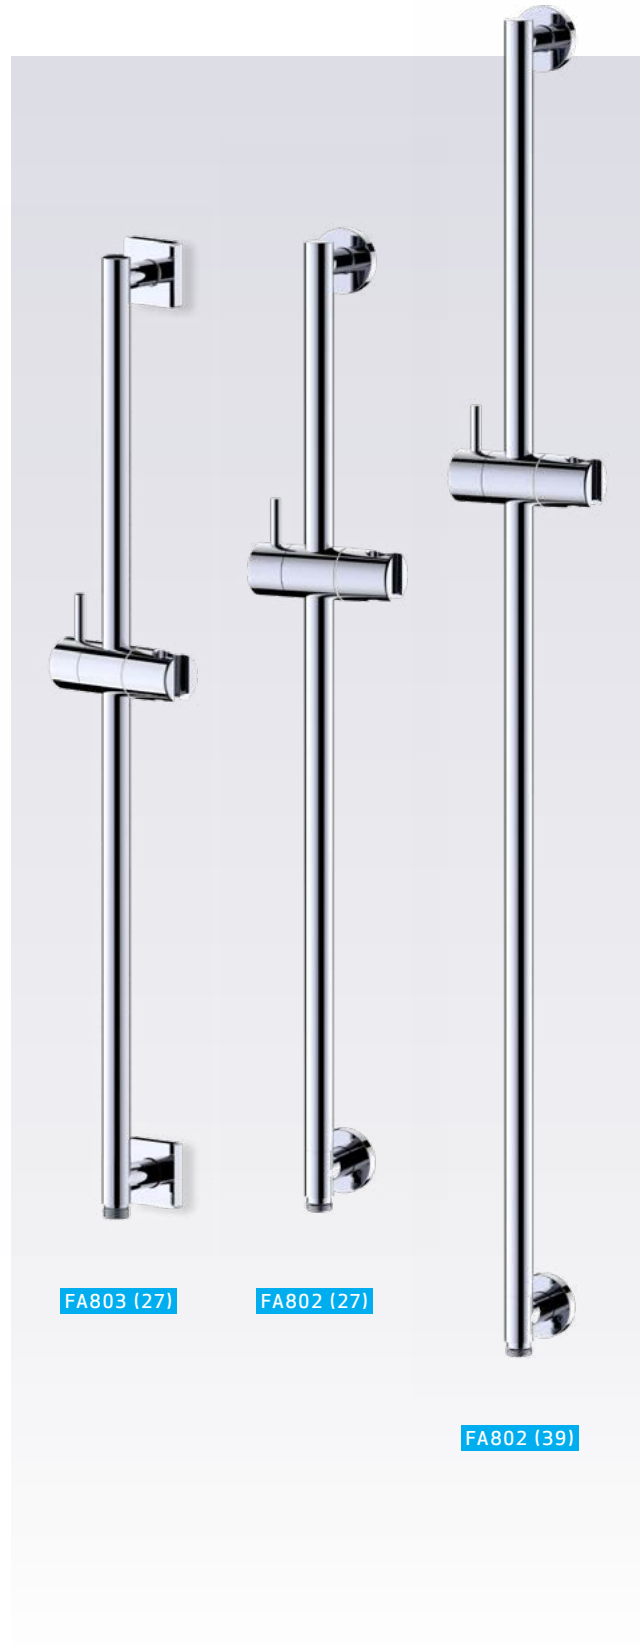

27" Brass Slide Rail With Built in Wall Outlet (Round Escutcheons)

Available in Chrome or Brushed Nickel and Matte Black

## **FA802 (39)**

39" Brass Slide Rail With Built in Wall Outlet (Round Escutcheons)

Available in Chrome or Brushed Nickel

# Why FA802?

- The FA802 Slide rail features a built-in wall outlet
- Creates a clean, clutter-free shower environment
- Fewer holes to drill into your walls; easier installation and less cleaning

## Who is it for?

- New construction
- Single or Multi-family residential
- Hotels
- Renovations

**Cleaner** Design,  
**Easy** Installation.

**WITHOUT FA802**

**WITH FA802**
